

ARTISTA

Uncle Julios, Lubbock TX

What Is Artista...

With ARTISTA architectural panels customization of an exterior or interior expression has never been easier. A our proprietary process of preparing, printing, UV curing and seal coating provides years of exterior beauty without the maintenance. Your exterior is only limited to what your designers can dream.

Why Use Artista...

The easiest choice to help you enhance the beauty of your building, whether with a pattern, image, or solid color.

Custom finished to your specific need.

More cost-effective way to brand your building.

Specifics Of Artista...

- ACM or Aluminum Composite Materials can be worked by cutting, routing or drilling much like wood or plastic.
- Sheet sizes up to 5'x10'
- Available in 3mm & 6mm thickness.
- Dimensionally stable.

Creative Palettes artista finished products are intended to provide a distinctive exterior as a rain-screen. These products do not constitute a waterproof or moisture barrier.
