

VeriGLASS

Hilton, Atlanta GA

What Is VeriGLASS...

VeriGLASS is Creative Palettes answer to the very beautiful, very expensive embedded acrylic materials on the market today. Now you can afford the look you want. Proprietary processes allow us to replicate materials that cost 10X times more than VeriGLASS. Our VeriGLASS provides our clients an opportunity to enhance their interior design with a unique, custom expression.

Why Use VeriGLASS...

Maintain your design intent without breaking the budget. VeriGLASS is an affordable alternative to other very expensive materials. Custom matched to your design specification. Relied on by multiple large international chains for consistent reliability and low maintenance.
